## Chapter 1. Sum Up

# Chapter 2. Subtract

## What does subtraction mean?

Here you will learn about subtraction.

To successfully perform the task of subtracting numbers, you must know what subtraction does. The term "subtraction" represents a mathematical operation. Subtraction is an action that you perform using numbers. Subtraction allows you to find the difference between 2 numbers.

You use the minus (-) button to express the subtraction operation in the app.

In the subtraction process, you take a number and reduce it to a smaller number. That is, you take away one number from another.

## How to subtract numbers

Here you will find instructions about using the subtraction feature of JPS calculator app.

To successfully subtract numbers, you must know what subtraction does.

1. Enter the first number.
2. Choose the minus (-) button.
3. Enter the second number.
4. Choose the equal (=) button.

The result from the subtraction is displayed.

You want to subtract 2 from 3. The equation will look like:  $3-2=1$ . You enter 3. Press minus. Enter 2. Press equals.

The result 1 appears on the screen.

## Chapter 3. Multiply

## Chapter 4. Divide
